DEPARTMENT GIVES LOCATION OF THE 36TH AND 19TH DIVISIONS

(By Associated Press)
Washington, Nov. 27.—The location of the two divisions of Texas and Oklahoma troops of the American army, which arrived in France seven days before the armistice, with the names of the commanding generals, was announced by the war department today. The divisions were: The 36th, under Major General W. R. Smith, located at Combe-en-Barrois, and the 19th, under Major General Henry T. Allen, located at Villers, Devun and St. Dizier.

EARL GRAHAM WAS KILLED IN AIRPLANE ACCIDENT NOV. 20

Bryan was shocked and grieved when the news came late Wednesday evening that First Lieutenant Cyrus Earl Graham had been accidentally killed in France about November 20. Mr. Graham was very popular in Bryan and the news of his death after it reached the city traveled fast and many were the words of commendation and regret heard from those who knew him. The fact that he was killed in an accident after peace had been practically obtained seems to make it doubly regrettable. No particulars as to how the accident occurred has reached his relatives in the city, except that his airplane fell with him and he was killed. Mr. Graham was known as a fearless and intrepid flyer, and only about three months ago he had an accident in which he and his machine fell and both sustained serious injuries. This fall, however, did not seem to daunt Mr. Graham's courage and enthusiasm for flying and as soon as he was able he resumed his place in the aero service. Earl Graham was born and reared in Bryan and was about 24 years of age. He was a graduate of Allen Academy and the A. and M. College. At the time of his enlistment about 12 months ago he was connected with the state agricultural department under Fred W. Davis. After enlistment he was sent to Austin for ground training and then sent to France for final instruction, and while in France was commissioned a First Lieutenant. He was known as a clean and manly young fellow with a bright future before him and his untimely and tragic end is mourned by hundreds of the best people in Bryan.

BITTEREST GRIDIRON RIVALS WILL MEET THANKSGIVING DAY

Kansas City, Mo., Nov. 27.—The annual football game between Missouri and Kansas, perhaps the bitterest gridiron rivals in the Missouri valley conference will be played on Thanksgiving day under unprecedented conditions. The Kansas eleven will take the field without having won a game this season, and Missouri without having played a single contest. Schedules of both institutions were wrecked by the influenza epidemic and Missouri was unable to arrange contests so late in the season. The annual struggle, however, promises to be as desperately fought as any of the previous contests which have made football history in the Missouri Valley.

CASUALTY LISTS.

Today's casualty list contains the following Texans: Private Bernie Kelly, of Palmer, wounded degree undetermined; Louis Cowgill, of San Antonio, Henry B. Whittington, of Healy, and Denton Howell, of Rockland, previously reported missing in action, have reported for duty.

TEXAS PRISONERS REACH METZ, UNDER CARE OF RED CROSS

(By Associated Press)
Amsterdam, Nov. 27.—General von der Marwitz, the former aid to Emperor William, and later commander of the German forces at the Verdun front, has arrived at Treves with a big army and appears to be preparing for a counter revolution, say sensational dispatches from Berlin, received at Amsterdam.

ARGENTINA TEARS DOWN TARIFF WALLS

Buenos Aires, Nov. 1.—(Correspondence by the Associated Press) Argentina has taken the lead in an effort to persuade the South American republics to tear down their tariff walls and open themselves to free trade among themselves, arguing that such action would make them commercially independent of other countries in Europe and North America. This step has been taken in spite of the fact that until now the Argentine's principal source of revenue has been its customs houses. To show its sincerity, the Argentine government has introduced a bill in congress providing for opening of diplomatic negotiations with all the neighboring countries for the adoption of treaties providing for the free exchange of the products of each country concerned. If the desire of Argentina is to remove the fiscal barriers which in the past have estranged the nations of South America and restricted commerce between them, making them dependent on overseas nations. A year's trial of free trade with Peru has led Argentina to seek similar arrangements with other republics. The Peruvian legation in Buenos Aires and the Argentine consulate in Lima have acted as commercial agents for their respective countries with the result that today there is a regular trade of wheat, flour, and cereals to Peru in exchange for cotton, rice and sugar from Peru. It is expected that Chile will be the next republic to ratify a free trade treaty.

BERNARD M. BARUCH HAS BEEN NAMED FOR SEC'Y OF TREASURER

(By Associated Press)
Washington, Nov. 27.—Bernard M. Baruch, chairman of the war industries board, has been offered the post of secretary of the treasury to succeed Wm. G. McAdoo, it is understood today. Whether he will be nominated or not is an open question.

UKRAINE PREMIER IN ACCORD WITH ENTENTE NATIONS

(By Associated Press)
Amsterdam, Nov. 27.—Premier Gerbel, of Ukraine, has declared in an interview that Ukraine is already in full accord with the entente nations, whose representatives are expected at Kiev soon, according to a Kiev dispatch. He added that Ukraine will belong to the new Russian federal state.

EMPEROR CHARLES AND OTHERS MAY BE TRIED BY VIENNA

London, Nov. 28.—The Vienna government intends to bring to trial all persons responsible for the war, including the former Emperor Charles, the Austrian Grand Dukes, Count Berchtold, the Austro-Hungarian foreign minister when war broke out, and Count Czernin the foreign minister at a late date, says the correspondent of the Exchange Telegraph from Copenhagen. Several generals are also to be tried on the same charge says the correspondent.

CROWN PRINCE HAS BLEAK, DREARY ABODE ON LONELY ISLAND

(By Associated Press)
Amsterdam, Nov. 27.—Mosterland, a hamlet consisting of a score of small farmsteads and fishermen's huts on the bleak, lonely island of Wieringen, which is situated some distance from the Dutch naval station at Helder, is the home assigned to the interned former German crown prince. The local pastor's humble two-story residence has been leased furnished for six months, and here the crown prince will live. The house which is without the slightest attraction, is off the beaten track and is hardly ever visited by strangers. The hamlet itself is inhabited for the most part by fishermen, who after their experience with U-boats during the war view the guest's advent with anything but favor. The sole communication between the island of Wieringen and the mainland is a small steamer which carries mail and makes two trips daily. To the furnishing of the parsonage, which are very simple, there has been added a small billiard table and a bath. In an adjoining class room furnishings have been installed for the former crown prince's guard. A lonelier retreat for the former crown prince could hardly be imagined.

CUERO SCHOOL USE SATURDAY

Cuero, Tex., Nov. 27.—On account of the time lost here by the schools on account of the influenza, and the time to be lost on account of the approaching holidays, the school board has adopted the plan of teaching on Saturdays for awhile.

Students Army Training Corps at College to Be Demobilized by Dec. 21

Complete demobilization of both sections of the S. A. T. C. at A. and M. College has been ordered by the war department and will be completed by December 21, the expiration of the current term, President W. B. Bizzell announced to the student body in a mass meeting in Guion hall this morning. It was a welcome Thanksgiving message to the men and was answered with applause second only to the jubilation that greeted the announcement of the advent of peace. The demobilization of Section B, composed of technical students, will begin December 3, and that of Section A, composed of academic students, December 4. Special officers will be assigned here for the purpose of discharging the men and special medical officers will be assigned to examine all the men prior to their discharge. Preference will be given those men who want to return to their work which they left to come to College to prepare themselves for military duty, though the whole process of demobilization will be completed within a very short time. After the announcement had been read and the applause had subsided, President Bizzell made a brief address in which he announced that no effort would be made to induce those young men who had no idea of obtaining a college education, but who came here solely to the better prepare themselves for military service in Europe, to remain here and pursue academic courses, though he expressed the hope that many of them had, during their stay at College, come to recognize the advantages of a college education in promoting one's usefulness, happiness and chances of success in the world and would remain to complete their education. To the other young men he urged the need of determining whether they would cut short their college career and their chances of a larger success in life, or return home with a lack of adequate training for the strenuous battle of life. He expressed his appreciation of the conduct of the men here and especially their morals since the beginning of the armistice, and hoped many of them would remain at College now and see it under normal conditions and reap the benefits which the institution has to bestow. Major Grant M. Miles also addressed the men briefly and expressed his appreciation of their morale and urged that they keep their records clean during the remainder of their period of service, in order that it may continue to be said that no S. A. T. C. has ever been court-martialed. Prof. F. C. Bolton has been designated by President Bizzell to represent him in personal conferences with the students who want advice in regard to their future courses.

DR. SOLF AGAIN ASKS FOR MITIGATION OF ARMISTICE TERMS

(By Associated Press)
London, Nov. 27.—Dr. Solf, German foreign minister, has asked the allies once more for a mitigation of the armistice terms, and requested permission to delay the delivery of the railroad rolling stock until February 1, on the ground that the difficulties caused by bad conditions and lack of lubricating oils, necessitates such a delay.

AGREEMENT TO HOLD NATIONAL ASSEMBLY ALMOST UNANIMOUS

(By Associated Press)
Berlin, Nov. 27.—The events of the last few days, culminating Monday in the meeting of the heads of the various German states at Berlin, have indicated that, with the exception of the nearly unimportant Spartacus group, there is complete agreement in Germany that a national assembly must be held.

WOMAN IN COMPLETE CHARGE.

Austin, Tex., Nov. 27.—For the first time in the history of Texas a woman was in complete charge of the governor's office. Miss Mamie Edmondson, an assistant secretary to the governor, was the only member of the secretarial force on duty and she also acted for the governor, as he was ill at the executive mansion. Miss Edmondson received all callers, opened all the mail, held conferences and dictated answers to a considerable portion of the mail. It was her busy day.

WILSON BRADLEY ELECTED.

Wilson Bradley of Sam B. Wilson & Co., was elected at Tuesday's election to fill the vacancy in the city commission caused by the death of W. S. Wilson, Jr. The result of the election was somewhat of a surprise and a delicate compliment to Mr. Bradley. A light vote was polled, but considerable interest was manifested towards the close of the polls. Mr. Bradley's name was not on the ticket and those voting for him wrote his name on the ticket. M. G. Neal received 51 votes and Mr. Bradley 56.

LIBRARY WILL BE OPEN THURSDAY.

Miss Willie Rogers, librarian for the Carnegie library announces that the library will be opened Thursday, Thanksgiving day, but will be closed Friday. Miss Rogers is anxious that all who have had library books out over the limit return them. Quite a few library patrons have several books that have been kept out an undue length of time, Miss Rogers says, and by them doing this deprives others of the use of the books.

LOOKS BAD.

Lima, Peru, Nov. 27.—Peruvian men and women were pursued through the streets of Iquique Saturday and stoned by Chileans. The mobs in Iquique were led by prominent Chileans and there virtually was no interference from Chilean authorities. Peruvian homes were looted and burned, according to reports of the refugees.

REPORTED THAT DR. SOLF MAY TENDER RESIGNATION SOON

(By Associated Press)
Paris, Nov. 27.—Dr. Solf, the German foreign minister, may resign very soon. This is indicated by developments during the debates at the conference of German states, now being held at Berlin, according to advices received from Berne.

POULTRY MEN ARE INTERESTED IN BIG DALLAS EXHIBITION

F. W. Kazmeier, poultry husbandman of the extension department of the A. and M. College is working to make the Texas State Show at Dallas, December 26, a big success. In reference to this show Mr. Kazmeier has made the following statement: "Now that the world has been made safe for democracy, and peace once more reigns supreme, everybody feels more like doing things and going after them with renewed interest. "In organization there is strength. The recent gigantic struggle demonstrated this. Business competition in the future years will be strong. "All of us are interested in encouraging the production of more and better poultry. We can do it individually; but we can in an organized way. "The Texas State Poultry show, to be held in Dallas, December 26, 27, 28, 29 and 30th is one of the big events. Every poultry breeder in Texas should feel a personal interest in this show. You cannot afford to take a part in it in some manner or shape. "It is the ambition of the management to make it a truly first class poultry show in every respect. Our Sect.-Treasurer, Mr. Walton Burton, of Arlington, is an experienced poultry man, and working hard, to make it the Madison Square-Garden of the South. He is going to succeed. "This is the first Texas State Poultry show to be held yet with the cooperation of the breeders. It will be a complete success. "There are three good reasons for your making an exhibit at this show; The first one is to show the business world that the poultry industry is a billion dollar occupation, and thus help advertise the industry. The second is to stage a big exhibit for the purpose of encouraging the production of more and better standard bred poultry. The third is for the advertising value accruing to each exhibitor, as well as winnings of each prize. "The premium is now available, and full of valuable information. (For premium list entry blanks, address, Walter Burton, Arlington, Texas. "Entries close December 10th. I ask that every poultry breeder, have this circular published in their local papers. "Jump on the band wagon and join the march to the great Texas State Poultry Show."

SIMS BE MADE ADMIRAL.

Washington, Nov. 27.—Vice Admiral William S. Sims, commander of the American naval forces in Europe since the Americans entered the war, has been selected for promotion to the rank of admiral, when a vacancy in the list occurs next month, through the retirement of Admiral Austin M. Knight, commanding the Atlantic fleet. Rear Admiral Albert Gleaves will fill the vacancy caused by the promotion of Admiral Sims.

RESTRICTIONS REMOVED.

Washington, Nov. 27.—The withdrawal of all restrictions affecting the publication of periodicals except daily, Sunday and weekly newspapers and effective immediately, was announced today by the war industries board. Publishers of daily and Sunday papers in a recent conference with the board requested that the board continue control over the use of news print paper for the present. Daily publishers are urged to send in the November report without delay. Restrictions governing weekly newspapers are to be lifted December 1.

ATTORNEY GENERAL GETS AN INJUNCTION AGAINST LIQUOR TRANSPORTATION

(By Associated Press)
Austin, Nov. 27.—The attorney general's motion for a rehearing in the statewide prohibition test case was overruled by the court of criminal appeals today. With the issuance of the court's mandate, which if the custom is followed, will be issued Friday, the last step will have been taken and the prohibition act will be declared unconstitutional. Judge Prendegast dissents from the opinion handed down by the majority.

Attorney General Looney held that portions of the act which forbid the transportation and receiving, and delivery of intoxicating liquors to be unaffected by the decision of the court of criminal appeals, and the Travis county district court, upon petition of the attorney general, has enjoined the various railroads in the state from committing the above-named acts. One railroad company has appealed to the third court of civil appeals to dissolve the injunction, and the constitutionality of this feature of the law will be likely carried to the supreme court.

Austin, Nov. 27.—Attorney General Looney today stated that Comptroller Terrell had stated he would not issue licenses for the sale of liquor.

AMERICA SHOULD SHOW GRATITUDE BY OBSERVING DEC. 7

New York, Nov. 27.—For the purpose of paying tribute to Great Britain for her splendid achievements in this war, the American Defense Society today announces that its branches throughout the United States will actively help in celebrating British Day on December 7. Charles Steward Davison, chairman of the society's board of trustees, has appealed to the American people to remember what Great Britain has suffered and endured in this war, and it is urged that all patriotic Americans co-operate in "America's Tribute to Britain." "Americans should be first to remember the great strategic movement of the British navy in the first three weeks of the war which saved not only our nation, but all nations from the menace of Prussian militarism," he says. "Had it not been for Great Britain's armies, he adds, "Germany today might have been conqueror of the world." "Our national holiday, July 4, was celebrated widely throughout Great Britain. Is it not America's privilege on December 7 to demonstrate by some public overture the recognition due her for all she has suffered and endured? The celebrating by America of British Day will do much to cement the future good relations between this country and the whole British Empire."

REPORTS NOT TRUE THAT AMERICANS WERE INOCULATED

(By Associated Press)
American Headquarters in France, Nov. 27.—Examination of Americans released from German prisons show no evidence of the reported inoculation with malignant and contagious diseases. The physical condition of the prisoners is as good as could be expected.

U. S. GOVERNMENT TO BUY 720,000 TONS FOREIGN SHIPPING

(By Associated Press)
New York, Nov. 27.—The offer of the United States government to purchase seven hundred and twenty thousand gross tons from the International Mercantile Marine that now fly the British flag, is understood to have been accepted by the company.

SUBSCRIPTION FOR CERTIFICATES CLOSE

Dallas, Nov. 27.—Secretary McAdoo today made the following announcement: "The issue of the 4 and one-half per cent treasury certificates of indebtedness, series T, and dated Nov. 7, 1918, will close at the close of business November 27. About seven hundred million dollars worth of these certificates have been subscribed for to date. Final figures of subscription by districts will be promptly announced upon receipt of final reports from the federal reserve banks."

THOROUGHBREDS.

One of the prominent citizens of Brazos county and a man who has been here a long time made the remark yesterday that he had reached the conclusion that it was good business policy to do everything that he could to raise the grade of livestock in Brazos county.

This gentleman is recognized as one of the most successful financiers of the county and is not in the habit of making assertions that he does not propose to keep.

Because that which this gentleman now proposes to do has not been done sooner has cost the people of Brazos county millions of dollars.

Texas has the reputation of having more livestock and "sorrier" livestock than any other state in the union. This is a reputation in which no man who loves the grand old state can take pride.

Why Texas farmers and stock raisers still persist in raising scrub stock is one of the unsolved riddles. It has been demonstrated time without number that it pays to raise thoroughbreds.

It makes no difference whether its chickens, ducks, pigs, cows, or kids, it pays to raise thoroughbreds.

There is not a Texan in the world but who is proud of his state; proud of its people, proud of its genial hospitality; proud of the fertility of its soils and proud of its honorable men and noble women, but where is the Texan that can say he is proud of the scrubby, scrawny, ticky cattle that feed on the rich grasses of the state.

Here, in one of the richest counties in the state is located one of the great colleges of the world—a college that is sending its students to fill responsible positions in all parts of the globe. For years this college has been demonstrating by precept as well as by theory that it pays to raise thoroughbreds and the people have went on their ways, with their eyes closed to the great opportunity that is offered them in this section.

Regardless of the satisfaction that one has from knowing they are raising stock that are in keeping with the times the added profit should be a strong incentive to any stock raiser or to any community to get rid of their scrub stock and raise blooded animals.

For many years the farmers living on the poor sandy flats of Wisconsin made a bare subsistence. These farmers took up dairying, secured the best dairy cows that they could buy and today those same farmers, who only a few years ago were struggling to make a bare living, are well-to-do men of affairs, have good homes, money in the banks and are living in a manner they never even dreamed possible in the old days.

A few years ago one of the far-sighted bankers at Kingsville offered to finance a certain number of farmers in stocking their farms with fine dairy cows and thoroughbred hogs. That venture proved most successful and the Kingsville community is one of the most up-to-date, prosperous communities in the state.

Three years ago the chamber of commerce of Houston arranged for a fund of \$100,000 to be loaned to farmers to buy fine stock and establish an agricultural department of the chamber of commerce.

In three years' time that investment of \$100,000 has reached over \$500,000 and the agricultural department of the chamber is one of the most important departments of the organization.

Communities that before they put in fine stock were poverty stricken failures have been changed into prosperous, happy contented settlements. One special instance is that of the Aldine settlement. The people at Aldine had been trying to live from crops alone and had failed. A number in this community were induced to buy cows and hogs—thoroughbreds—and today Aldine is a remarkably prosperous, enterprising settlement.

And every man in the community unhesitatingly attributes the improved condition to the attention the community has given to fine stock in the last few years.

Let Brazos county get rid of her razor-backs, her broom-tails and her longhorns and stock up on thoroughbreds. It will pay.

Little has been heard of Prince Henry since his sailors has told him to go jump in the creek.

Grove's Tasteless Chili Tonic restores vitality and energy by purifying and enriching the blood. You can soon feel its strengthening, invigorating effect. Price 60c.

WHY IS IT?

Milk is selling in Bryan at 20 cents a quart. Grass is green and succulent in Brazos county on this the twenty-first day of November. Cows are roaming the fields without thought of shelter, fat, sleek and contented, yet there is a scarcity of milk and what there is to be had is high in price and hard to get.

Texas has more cattle than any state in the union. Texas has more grass than any state in the union. Texas raises or could raise, enough feed to supply ten states the size of this, yet Texas has less milk and dairy interests than any state in the union that claims to be a first rate state.

In Houston, in Dallas and in Waco, they hold public meetings for the purpose of devising some manner of relieving the shortage in milk. San Antonio ships cream from Phoenix, Arizona, to help out its meagre supply.

Why is this?
Why should a great agricultural state like Texas have to go without or call on one of its younger sisters to supply one of the man food products?

There is money in the dairy business—good money when properly managed. This has been proven time and again. Every state and every community that has taken up dairying has grown rich and prosperous. Why should Brazos county with all its advantages, with its fertile soil, with its genial climate, with its intelligent citizens lag behind in this respect. Why neglect a business that pays good dividends and is needed for the comfort and pleasure of all the citizens of the county?

Why is there not 500 or 1,000 Brazos county farmers receiving a monthly creamery check of \$75 or \$100? They are doing it in other places not half so advantageously situated. Why not here?

Will someone please answer?

THE RAILROAD QUESTION.

What will be the future status of the railroads? The resignation of William G. McAduo as director general has concentrated the public's attention on this question.

While the country was engrossed in war matters the question of what will be done with the railroads of the nation after peace has been finally affected has lain dormant.

It is conceded that McAduo's administration of the railroads were as much as could be expected and that considering what he had to meet and contend with that he made a success of government control.

At times and from certain quarters there were criticisms and complaints, but this was natural and to be expected.

It is very probable that if McAduo had continued at the head of the railroads the agitation as to the final disposition of the railroads would have remained dormant for some time but as it is his resignation has precipitated a flood of suggestions and inquiries from all sections of the nation.

There is no question but what the "railroad question" is going to cause a bitter contest in the United States in the very near future.

One side will be those who believe in the government ownership of public utilities. On the other side will be those who believe in perpetuating the individualistic system and the battle will be bitterly fought by both sides.

It is safe to assume that organized labor will be for government ownership, and that "big business" will be for the return of the railroads to individual owners.

That leaves the "great middle class"—the small merchant, the lawyer, the doctor and the farmer as the deciding element.

How the majority of this class will line-up is the great unknown quantity.

Much depends upon how this question is decided.

JOHNNIE.

Do parents and guardians realize the great wrong they do their child when they fail or neglect to teach their child the sacredness of an obligation?

The most flagrant violations on the part of the children are excused and condoned by the parent on the ground that the child is too young to understand and for that reason should not be expected to keep his promises and fulfill his obligations.

This unfortunate and regrettable habit with many parents is strikingly shown to those who employ boys and girls.

Among circulators of newspapers—men who employ large numbers of young boys as carriers this trait in parents is so well recognized that every experienced circulator makes a diligent effort to secure his boys from families who have awakened to a realization of the need for teaching their children the sacredness of an obligation at an early age.

To illustrate this point with a specific instance: The Eagle employs a number of boys averaging in age about 14 years. These boys are employed to deliver a certain number of papers to subscribers every afternoon. Any one of them should finish their work within an hour and a half.

When these boys are employed they are impressed with the fact that it is very important for them to report every afternoon or notify the circulator in time for him to secure some one else to carry out their routes.

One day last week one of the carriers employed wanted to go to a picture show in the afternoon. Instead of coming to the office and arranging to get off that afternoon he reported as usual, was credited for the days work; took his quota of papers and left, presumably to deliver his route.

Instead of doing this, however, he hid his papers and then sneaked into the picture show. In a short time it was known at the office that he had not delivered his papers and the circulator at much trouble to himself and considerable cost to the company did what he could to rectify the boy's dishonesty.

The next day Johnnie—the boy's name is not Johnnie, but Johnnie was

answer—mother was told what Johnnie had done.

With a little deprecating laugh she made answer: "Oh, well, you know Johnnie is so young he didn't know that he was doing wrong. It's too bad but he didn't know any better."

The next day Johnnie went to school and told his playmates how he "put it over" on the Eagle. Asked if his mother punished him for doing as he did, he replied:

"Naw, 'course not; she don't care." Johnnie's mother is no doubt a fine woman. She probably reads her Bible, goes to church, observes the canons of good society and loves her son very dearly. If some one should tell her that Johnnie is already on the road to the penitentiary or worse, she would be indignantly horrified. That is exactly where Johnnie is headed and where he will end unless some one, or something, brings him up with a sharp enough jolt to open his eyes and teach him to do differently.

Mistaken kindnesses on the part of parents, a blind belief that children are too young to be corrected, has sent many a promising lad to the bad and many a beautiful girl to the brothel and those to blame were the foolish, doting parents who loved their child too much to correct it and make it do right.

Colonel George Bailey of the Houston Post says that Billy Sunday is now in full swing at Fort Worth and that if Billy can manage to save the hardened unbelievers of Fort Worth that he will never more doubt Billy's power. If after Sunday finishes the job at Fort Worth if he will go to Houston and reform Bailey his fame will be eternal.

Boycotting Germany.
(Galveston News)

If the people of this country should boycott German products, and if, as would be likely as a result of our example, the people of several other countries who have suffered more than we have from German barbarities should do likewise, what would happen? One consequence would be that the German people would not be able to make the reparations and pay the indemnities that will be exacted of them. Another would be that Germany would not join the league of nations, because one of the inducements that organization is to offer is that of guaranteeing every member against commercial discrimination. Still another consequence would be that a majority of the German people would have to emigrate and disperse themselves throughout the earth as the only means of escaping starvation. None of these is a desirable consequence from the standpoint of society's welfare. The feeling of outrage which prompts the proposal to boycott German industry, either formally and directly or indirectly by proscribing merchants who deal in German products, is not only natural, but creditable. But we should be giving a foolish vent to it by manifesting it in a way which would make ourselves and our allies the victims of our own frenzy.

Retarding the South.
(Atlanta Constitution)

The question of the railroads will undoubtedly be uppermost in the public mind during the next two years. While the country is considering the question it will be interesting to know whether or not the attitude of the government, as expressed in its recent refusal to permit the railroads now under federal control to continue their contributions to the maintenance of development enterprises, is to become a fixed policy of government control.

If hereafter no development enterprise is to receive support from the railroads—this particular section of the country may well inquire if the withdrawal of this material aid would not offset the advantages that its advocates claim would accrue from government ownership.

The wonderful development of the West, the breaking of the wilderness, the redemption of the deserts, the establishment of countless prosperous farm homes, the building of schools and churches and cities throughout that great section during the last half century has been largely due to the enterprise and foresight of the railroads.

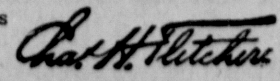

But for the railroads and railroad enterprise and incentive the great mountain ranges of the West would today be barriers against civilization. The railroads have been liberal contributors to the development of the South—a development that is still far from complete.

A concrete illustration of the importance of the railroads part in the development of the south and the Southeast was laid before the Southern Land Congress, which met in Savannah recently, by Mr. S. Davies Warfield, head of the Seaboard Air Line Railroad and of the Southern Settlement and Development Organization, in behalf of which he addressed the congress.

This great organization, as Mr. Warfield pointed out in his address, has been supported for years largely by railroads serving the southern territory. As the country developed railroad earnings increased in proportion.

The Strong Withstand the Winter Cold Better Than the Weak

You must have Health, Strength and Endurance to fight Colds, Grip and Influenza.

When your blood is not in a healthy condition and does not circulate properly, your system is unable to withstand the Winter cold.

GROVE'S TASTELESS CHILL TONIC Fortifies the System Against Colds, Grip and Influenza by Purifying and Enriching the Blood.

It contains the well-known tonic properties of Quinine and Iron in a form acceptable to the most delicate stomach, and is pleasant to take. You can soon feel its Strengthening, Invigorating Effect. 60c.

TABOR.

Tabor, Nov. 21.—Tabor, as usual, went over the top in the war work campaign. A number of the girls and boys enrolled in the victory girls and boys.

Rev. Smith made a short talk at the high school yesterday afternoon.

Mrs. Will Presnal is real ill at the time of this writing. Miss Gladys Broach also is still on the sick list.

Mrs. W. D. Chambers, wife of the high school teacher, has come to spend awhile with her husband.

The influenza is getting better among the school pupils. Most of them were back at school today.

Roland Hudspeth is recovering rapidly.

Mrs. Ralph Rudasill has received a letter from her brother, Herbert Smith, who is now in France. He stated that he had been wounded and was in the hospital but would soon be able to drill again.

BRYAN BOY WOUNDED.

Washington, Nov. 26.—Today's dispatches of American casualties contain the following names of Texas men:
Raymond Ercanbrook, Buckholt, killed in action; Horace Green, Cisco, Hugh R. Bates, Homer, severely injured; Ivan F. Allen, Roundtree, Earl Z. Brown, Mexia, wounded in degree yet undetermined; Benjamin J. Fitzgerald, El Paso, and Benjamin F. Short, Trenton, wounded slightly; Perry M. Johnson, Bryan, wounded slightly.

LEMON JUICE IS FRECKLE REMOVER

Girls! Make this cheap beauty lotion to clear and whiten Your skin.

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! It is harmless.—Adv.

BRAZOS COUNTY BOY PAYS THE SUPREME DEBT TO COUNTRY

A telegram was received in Bryan late Thursday evening from the war department containing the information that Joe Lero, a Brazos county boy, had been killed in action during the last days of fighting.

Joe Lero was born and reared in Brazos county and was one of the very first boys in the county to volunteer for service after war was declared.

He was first assigned to border duty and for a time was stationed at Hidalgo, Texas. From there he was sent to Camp Bowie for training and about seven months ago was sent to France with an infantry regiment.

Young Lero was well liked by those who knew him and was intensely loyal. He was 23 years old and was one of the best physical specimens of manhood in the country. It is said that he would frequently take two two-pound men, one in each hand and hold them up at arms length.

His parents, Mr. and Mrs. Frank Lero live about eight miles west of Bryan in the Parker school house neighborhood.

In the Lero family besides Joe, there are three sisters and two brothers.

EMIL JOE SCASTA DIES IN FRANCE

A message was received in Bryan Saturday from the war department addressed to John Scasta of Wheelock, and containing the information that his son, Emil Joe Scasta, had died in France on October 21, of pneumonia.

Young Scasta was born and reared in Brazos county and is related to a number of Brazos county families.

For a number of years, he, with his parents made their home in Bryan but a few years ago the Scasta family moved to the Wheelock settlement.

At the time war was declared Mr. Scasta was engaged in the mercantile business but sold out in order to enlist in the service.

His age was 25 years and he was one of the first of the Brazos county boys to volunteer.

A Tonic Laxative

that will remove the bile from the Liver and cleanse the System THOROUGHLY without griping or disturbing the stomach is truly a Perfect Laxative.

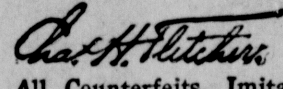

LAX-FOS WITH PEPsin is the name of a Reliable and Perfect Laxative which soon relieves Sick Headache, Dizziness, Indigestion, Stomach Trouble, Gas and Piles caused by a Torpid Liver and Constipation. Always use a Reliable Laxative in the treatment of Colds, Grip and Influenza.

TURKEY NOW WANTS AMERICA TO MANAGE POLICE AND FINANCE

Constantinople, Nov. 26.—American control of the Turkish gendarmerie and finance is being urged by a group of nine newspapers, seven Turkish and two French in Constantinople.

This group of papers also advocate American supervision of the educational system and the separation of church and state. A deputation will request permission to present the program to Woodrow Wilson during his visit to Paris. Details of the program are to be announced this week.

Locals and Personals

The Myers Hardware company began this morning the moving of their stock of goods from the building they now occupy on south Main street to the building next door to the First National bank. It will take about a week to complete the moving of the stock and fixtures, after which time the firm will be open for business.

Mrs. Della Presnal, formerly Miss Della Edge, passed away at Tabors on Sunday morning, November 24, at 2 o'clock from pneumonia following an attack of influenza. The remains were interred at Alexandria, Monday evening, Rev. C. H. Storey officiating. She is survived by her husband and a year old child.

Mrs. John Seuring, of Comanche, who has been visiting her niece, Mrs. Wilson Bradley, will return home after Thanksgiving Day.

Marvin Elliott, of Tabors, was shopping in the city yesterday.

Mrs. L. M. Johnson of this city has received information that her son, Private Perry Johnson, with the American expeditionary forces in France, was wounded while in action on the western front.

Roger Q. Astin leaves Wednesday morning for Chicago and New York. While absent Mr. Astin expects to attend the International Live Stock show at Chicago.

The hunting party composed of Paul Dansby, G. C. White, Thurston Cole, Bert Carroll, Lon Williams, Beatty Barron, Arthur Tandy and Enoch Holland returned Friday night from the "Big Thicket." The party had one deer to show for their prowess as hunters, but say that they had the "time of their lives."

TAKE THEIR HOME ALONG ON WHEELS

A house on wheels is one of the latest things out. The other day the people of Bryan were surprised to see what they thought was a house coming down Main street, but an investigation showed it to be a "sure enough house" on Ford wheels.

The auto house is a novelty, as it is fixed like a modern bungalow, with a parlor where one can sit and drive. It has a living room which may be converted into a bedroom at night and into a kitchen and dining room when needed.

In the kitchen is an oil stove where meals may be served.

The inside of the house is papered and there are several small windows with curtains and shades. There are also electric lights and at night they can either drive or lie in a luxurious chair and read to their hearts' content.

The auto home belongs to Dr. and Mrs. Fuller, of Sioux City, Ia., who are spending a few days in Bryan.

CALOMEL SALIVATES AND MAKES YOU SICK

Acts Like Dynamite on a Sluggish Liver and You Lose a Day's Work.

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tonic—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tonic, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tonic instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you better than Dodson's Liver Tonic acts better than horrible calomel your money is waiting for you—Adv.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by the least conditions of the system. Catarrh is a disease of the constitution and its cure requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts through the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address P. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.

THE FARMER MUST HAVE RUGGED HEALTH

Many Break Downs and Failures Due to Exposure and Hard Work

Catarrh in Some of Its Many Forms Claims Thousands

Every farm family has its medicine cabinet and in almost every one will be found a bottle of Dr. Hartman's World Famous Peruna. For coughs, colds and catarrh it is invaluable. It is used in all cases of catarrhal inflammation and congestion whether of respiratory organs, stomach, bowels or other organs of the body.

Mr. W. J. Temple of 300 Lincoln Ave., Delaware, Ohio, suffered for years with inflammation of the mucous linings of the stomach and bowels. According to his own story he did not eat a meal for five years without distress. He says: "I am a farmer and must be exposed to all kinds of weather. After years of suffering, a druggist recommended Peruna. I took all together five bottles and am a well man. Formerly I could not do a day's work. Now, farm work does not fatigue me in the least. Peruna is the best medicine and tonic on the market. Time only strengthens my admiration for it, especially for catarrh and colds."

SPORTSMEN RETURN WITH ADDED LAURELS

It will be necessary for the game warden to restock the "Big Thicket" with deer before it will be any use for hunters to go to the trouble and expense of making a visit to that noted hunting ground.

The hunting party which left Bryan about eight days ago for the Thicket has returned. Included in this party were some of the champion hunters of the state and it was a foregone conclusion that they would be successful. Among the party were such valiant hunters as Sheriff T. C. Nunn, J. W. Barron, C. C. Vick, Tom Boyett, I. B. Todd, Henry Atkins, Joe Atkins, Clint Atkins, Tom Royder, Jeff Royder, Jr., Douglas Royder, Pink Williams, Dutch Williams, George Williams, Otho Williams, Cooper Carril and some others whose reputation as hunters is yet not so well established.

The party claims to have killed "oodles" of deer, but when Sheriff Nunn was seen alone and pinned down to "brass tacks," he said he remembered four deer that were killed. Two of these were killed by George Davis, of Grimes, who joined the party after it left Bryan, one was killed by Otho Williams and the sheriff positively refused to say who killed the fourth, nor would he say whether it was a buck or doe, or some other animal that was killed through being mistaken for a deer by a too eager sportsman. As to this fourth deer, the sheriff's mind was remarkably blank for so astute a gentleman as he is known to be—but he is positive the party killed four—?

Neuralgia of the face, shoulder, hands, or feet requires a powerful remedy that will penetrate the flesh. BALLARD'S SNOW LINIMENT possesses that power. Rubbed in where the pain is felt is all that is necessary to relieve suffering and restore normal conditions. Sold by E. J. Jenkins and M. H. James.

DOCTORS SAY CALOMEL TABS BEST FOR COLDS

According to the worlds best physicians and medical experts, calomel is the best and only dependable remedy for breaking up a cold overnight or cutting short an attack of sore throat, deep seated cough or lagrippe. Now that science has purified calomel of all its noxious and dangerous qualities; the new kind of calomel, called "Calomel tabs" is even more popular than the old style.

One calomel tab on the tongue at bed time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your diet, work or pleasures. Next morning your cold has vanished and your whole system is purified and refreshed. Calomel tabs are sold only in original sealed packages, price thirty-five cents. Your druggist recommends and guarantees Calomel tabs and will refund the price if you are not delighted with them.—Adv.

Rub a sore throat with Ballard's Snow Liniment. One or two applications will cure it completely. Sold by E. J. Jenkins and M. H. James.

MAMA! DON'T YOU SEE YOUR CHILD IS SICK, CONSTIPATED

Look at Tongue! Move Poisons From Liver and Bowels at Once.

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach ache, diarrhoea, remember a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company."

Republicans Boom Pershing For President in 1920

Columbus, Ohio, Nov. 25.—A campaign for the election of General Pershing, commander in chief of the American expeditionary forces in France to the presidency in 1920 was launched in Ohio today, by an application for the incorporation of "The Pershing Republican League."

Former United States Senator Charles Dick of Akron and fourteen other prominent Republicans of Akron and Summit counties are sponsors for the movement.

Dick's name heads the list of men who signed the articles of incorporation issued by the Secretary of State today.

PRESIDENT'S TRIP NOT TO EXTEND OVER SIX WEEKS

Washington, Nov. 26.—President Wilson expects to be in Europe about one month for the opening of the peace conference and the preliminary discussions. No definite limit has been fixed, but it is said authoritatively today that the president plans to be back on American soil within six weeks after his ship sails for the other side.

Preparations for the chief executive's trip are going forward at the White House, though they are still surrounded with secrecy and no one professes to know either when the start will be made, or who will make up the party.

It is denied that a strict censorship over the news of the conference will be maintained, and it is stated that American correspondents will be given all facilities possible for transmitting dispatches.

Washington, Nov. 26.—It is believed that the Italian ambassador, Count di Celleri, as well as Ambassador Jusserand, of France, and the American peace delegation will cross on the ship with Wilson.

Stop coughing! you rack the lungs and worry the body. BALLARD'S HOREHOUND SYRUP checks irritation, heals the lungs and restores comfortable breathing. Sold by E. J. Jenkins and M. H. James.
